

# Sunrise Pediatrics

## Sanjay Kandoth, M.D.

I \_\_\_\_\_ give Dr. Kandoth, Dr Weber and "Sunrise Pediatrics" permission to perform circumcision on my son

I understand the risks involved with this procedure as explained by Dr Kandoth, such as bleeding and infection, and I agree to the circumcision. I agree to keep the area clean and wipe it with alcohol every diaper change. I understand that the plastic ring will fall off in 4-5 days.

Please give infant Tylenol every 4-6 hours as needed. After 24 hours put a little "Triple Antibiotic" after alcoholling.

If the area is still bleeding I will return to have Dr Kandoth check the area. If the area is NOT BLEEDING, NO FURTHER CHECK UP IS NECESSARY.

### PLEASE NOTE:

**ABSOLUTELY NO ONE IS ALLOWED IN THE ROOM WHILE PROCEDURE IS BEING DONE. PLEASE WAIT IN THE LOBBY OR OUTSIDE THE DOOR. THANK YOU.**

You will be charged \$25.00 if you are a no show or do not cancel within 24 hours of this procedure.

If there are any problems, please call us (702) 254-5437.

### ON DATE OF CIRCUMCISION

- Do not feed baby 1 hour prior to the circumcision
- 1 hour prior to the circumcision give baby 0.4 ml of Infant Tylenol
- Bring an extra diaper and a pacifier.

### AFTER THE CIRCUMCISION

A little bleeding is normal. Minimal oozing might persist for up to 2 hours. If bleeding is profuse and persists beyond 2 hours please take your infant to the nearest hospital Emergency Room.

- First day give baby 0.4 ml of Infant Tylenol every 6-8 hours, if necessary.
- Clean area around plastic bell with alcohol.
- Second day apply Neosporin or triple antibiotic ointment on the area for each diaper change.
- DO NOT PULL ON PLASTIC RING!
- No further follow up is necessary until baby's 2 month old check up and vaccines.

You will be charged a \$25.00 fee for a no show or if you do not cancel within 24 hours of your circumcision appointment.

If you have any questions please call our office at 702-254-5437
